Eiger Express

**JUNGFRAU**  
TOP OF EUROPE

Jungfrau railway with Eiger, Mönch and Jungfrau

## The most innovative and exciting construction project in the Alps.

Take part in our press trip and experience this unique milestone in tourism. The grand opening of the Eiger Express on 5 December 2020 is the highlight for the entire Jungfrau Region and Switzerland.

In the tradition of visionary pioneering achievements in the construction of the Jungfrau railway between 1896 and 1912, the V-Cableway will be in operation by December this year. From the new terminal in Grindelwald, a tricable gondola takes you to the Eiger Glacier and a new 10-seater aerial gondola to the Männlichen – spectacular views and significantly reduced travel times included.

### **Eiger Express**

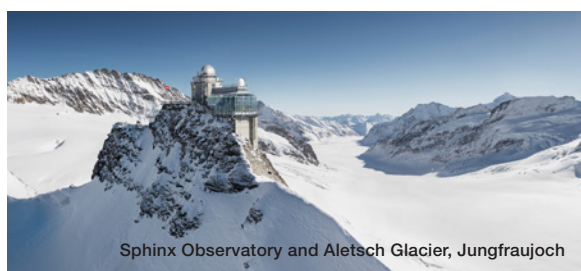

From 5 December 2020, the new Eiger Express tricable gondola will take you in state-of-the-art cabins from the Grindelwald terminal to the Eiger Glacier station in just 15 minutes. More time for you to experience the majestic backdrop with breathtaking views at 3,454 metres above sea level and enjoy attractions such as the Ice Palace, Alpine Sensation and Snow Fun Park.

The 26-seat cabins even take you very close to the north face of the Eiger, 1,800 metres high. After your arrival at the Eiger Glacier station, the Panorama Hall awaits you with a fascinating view of the mountains.

### **Grindelwald terminal**

The state-of-the-art terminal, with direct railway connection to and from Grindelwald, is the heart of the V-Cableway. The tricable gondola Eiger Express to the Eiger Glacier and the 10-person aerial gondola to Männlichen start here. In addition, the terminal offers a shopping centre with top international brands, quality Swiss products and a sports shop.

Take part in our press trip and experience this unique milestone in tourism. The programme includes the exciting Eiger Express opening, winter experiences in the Jungfrau Region, excursions to Grindelwald-First and Jungfrauoch – Top of Europe. Be part of this spectacular media trip: we look forward to welcoming you.

Sphinx Observatory and Aletsch Glacier, Jungfrauoch
