

## Davos Klosters Summer 2021

### **Summer guest programme** (picture Sertig)

The guest programme for summer 2021 starts at the beginning of May. Until mid-October you have the opportunity to take part in over 65 activities (more than 700) from the categories Sport & Adventure, Children & Family, Art & Culture and Sightseeing & Excursions. All offers can be booked online at [davos.ch/gaesteprogramme](https://www.davos.ch/gaesteprogramme) or at the guest advisory office in Davos and Klosters two weeks before the event.

### **News for summer 2021**

This summer you can discover the picturesque side valley of Sertig on a guided excursion in a vintage bus or learn archery on the Grünenbödeli in the footsteps of Robin Hood.

## Bike

### **E-mountain bike tour from hut to hut** (picture E MTB)

Three days of riding fun, two mountain huts to stay in: The new e-bike hut tour leads through the entire bike destination Davos Klosters. Shred single trails, experience a good uphill flow and spend the night in the rustic Vereina and Dürrboden mountain inns in the Dischma Valley. With the e-mountain bike, you can master longer distances and more metres in altitude. In addition to 130 kilometres of biking fun, the view on the Hüreli, the idyllic valleys, a picnic at the Ravais lakes and, at the end, a ride on the nostalgic train back to Davos are all enticing.

### **Mountain bike multi-stage race, 17 – 21 August 2021** (picture Swiss Epic)

Graubünden is considered as one of the mountain bike hotspots in the Alps, with its unique landscape and an almost endless, mesmerising network of trails – ideal conditions to inspire mountain bikers from all over the world.

More than 300 teams will be on the start line at the Swiss Epic 2021 in Graubünden, with the starting field made up of a diverse mix of ambitious amateurs alongside some of the best mountain bikers in the world. They come from all over the world to conquer climbs in the Alps, whizz down spectacular singletrack and overcome personal challenges to tick the Swiss Epic off their to-do list.

Swiss Epic 2021 is sold out.

## Hiking

### **40 new lookout masters in Klosters** (picture Jöriseen)

The destination Davos Klosters has launched the new web app #Aussichtsmeister in autumn 2020. With it, guests and locals can explore 100 vantage points and collect adventure points that can be exchanged for great prizes in the holiday shop. Davos Klosters thus provides gamification for hiking.

Since last September, 60 viewpoints have been available in Davos. Now the network is being expanded with 40 new viewpoints in Klosters.

Schwarzhorn, Älpetispitz, Rättschenhorn: nature itself often provides the most beautiful vantage points. And Davos Klosters has plenty of them - even far from the mainstream.

## Culture

#### **DAVOS FESTIVAL – young artists in concert**

This summer, from 7 to 21 August, the DAVOS FESTIVAL offers an exciting programme with young artists from Switzerland and 20 other countries. The motto of the edition is "Aequalis" (Latin for equal) and presents strong female musicians and gifted musicians in unusual programmes and numerous venues. In a unique festival atmosphere, there is new music to discover, five world premieres to hear and popular, freshly interpreted classical music to experience. The programme is complemented by numerous free events such as the Open Singing, the Open Stage, an exhibition and introductions.

## Families

### **Bounce Circus** (picture bounce)

Bounce, climb, laugh and sweat: The Bounce Circus will be in Davos from 26 July to 15 August 2021. The largest inflatable attractions in Switzerland will provide fun for young and old.

The daily fee for the use of the Bounce Circus is CHF 10.00 per person. The HCD catering team will provide refreshments before, during or after the fun.

## Trailrunning

### **Dynafit Transalpine run 2021 at Klosters** (picture trailrunning)

The toughest mountain run in Europe.

Eight days, three countries and always in teams of two: The Dynafit Transalpine Run is a stage race in which the participants cross the Alps. With a route length of 200 to 300 km and around 15,000 metres of altitude difference, the run is one of the most ambitious mountain runs in Europe.
