- Is around 1,600 kilometers or 1,000 miles in distance
- Can be completed in 7 days if you drive 5 hours per day or in 10 days if you add some excursions
- Is geared primarily to cars and motorbikes. Larger vehicles are likely to encounter some restrictions.
- Takes you to Zurich’s cultural highlights such as the Grossmünster Church, Kunsthaus, Opera House, Center of Photography and Rapperswil Castle.

### E-Grand Tour: over 1,600 kilometers electrified

The world’s first road trip for electric vehicles. The Grand Tour of Switzerland is an exciting road trip for electric vehicles, too – thanks to an extensive network of 300 charging stations, the entire 1,600 km (1,000 mile) route can also be covered by electric vehicles. This makes it the world’s first road trip that is equipped for electric vehicles.
