SWISSMINIATUR

Switzerland in miniature! Swissminiatur is an open-air miniature park located in Melide, on the shore of Lake Lugano, in the Italian speaking part of Switzerland. The park is surrounded by mountains like Monte Generoso, Monte San Salvatore and Monte San Giorgio.

In an area of 14,000 m² visitors can admire more than 120 models at scale of 1:25 which represent the most important buildings, monuments and transportation means in Switzerland. A 3,560 m long model railway with 18 trains runs through the park. It is fascinating to watch the variety of trains that run along the tracks, cross bridges and stop by at stations. Boats are also in motion on the lakes, cable cars and funiculars go up and down the mountains and cars move along the highway.

Inside the park you can find a "Grottino", a gift shop, a playground for children and a small passenger train travelling around the park. A Large car and bus park is available on site. Swissminiatur was inaugurated on 6th June 1959 and celebrated its 60 year anniversary in 2019. If you want to have an overview of Switzerland and spend a nice time in a wonderful region, do not miss Swissminiatur, an exciting place and a must see attraction for everyone visiting Switzerland!
